ON Engineers Pte Ltd
14 Gul Avenue, Singapore 629657

Attn: Managing Director- Mr. Lee Wai Meng

Letter of Commendation to On Engineers Pte Ltd

On behalf of our Sembcorp management and my site operational team, I would like to express our heartfelt appreciation to On Engineer's Team for their professionalism, efforts, and close coordination to ensure the timely completion of the 66kV Switchgears, 66kV/33kV Transformers, 33kV Ring Main Units and ancillary installation projects at Banyan BESS and Sakra BESS in October 2022. For the above project, ON Engineers has provided 66kV Design & Project LEW services, 33kV system testing services, electrical system studies, and condition monitoring services like Offline and Online Partial Discharge measurements.

I would like to specially commend Er. Lee Wai Meng, Er. Emily Ei, Er. Lim Soo Hwang, Er. Wu Qing Wang, LEW Eric Chiang, LEW Chua Hak Meng, Tan Chun Huat, On Engineer's Condition Monitoring Team and Testing & Maintenance Team for their dedicated and professional service rendered to us for this fast-track BESS project. We look forward to your team's continuous support and partnership for future projects.

Thank you.

Yours sincerely

Chua Kia
Head, Project Management (Singapore & Southeast Asia)
